E-Learning Days

The Browns Valley School will implement *E-Learning* on inclement weather days this winter. On E-Learning days, students will work on assignments at home. The E-Learning Day will be counted as a day of instruction instead of a snow day that would normally be made up at the end of the year.

On an E-Learning Day:

- Parents and students will be notified using JMC Messenger.
- The message will say there is no school and that students should use the day as an E-Learning Day.
- Teachers will be accessible through the Remind app and email from 9:00-3:30.
- Students should follow the assignment plan provided by their teacher (paper copies are being sent home with this letter for all 5 days). An assignment plan for each grade will also be posted on the website under "E-Learning."

The assignments being sent home today should not be completed unless the school issues an E-Learning Day.

Here are more details about Browns Valley's E-Learning Plan:

- No E-Learning days will be used before November 1.
- E-Learning days will be used up to 5 times in a school year.
- E-Learning days will not be used in more than 2 consecutive days.
- If the district cancels more than 5 days due to weather, days beyond 5 will be made up at the end of the year.

Assignments are due within 2 school days of returning from the E-Learning day(s). Students must complete their work before the due date and give it to their teacher to be counted "present" or in attendance for an E-Learning Day.

If you have questions about E-Learning Days, please contact your child's teacher.
